

Come Celebrate Manufacturing Day **WITH PIERCE MANUFACTURING**

Come explore the exciting world of fire apparatus manufacturing at Pierce Manufacturing! This guided tour will take you behind the scenes of how fire trucks are built from start to finish, right here in Wisconsin.

Why Attend?

- Discover real career paths in **Engineering, Production, IT, Graphics, and more**
- Meet professionals and ask questions about their day-to-day work
- Learn about **Youth Apprenticeship** opportunities available at Pierce
- Experience the innovation behind life-saving vehicles

Who Should Attend?

High school students interested in hands-on careers, technology, design, or manufacturing, especially those considering a Youth Apprenticeship.

Space is limited! Register today to reserve your spot.
